Construction News Flash

Edwards AFB Community Health Clinic

From the Office of Construction and Transition Directorate
1Lt David C. Thompson II
MSgt Marla D. Muse
661-277-2622 / 661-277-4162

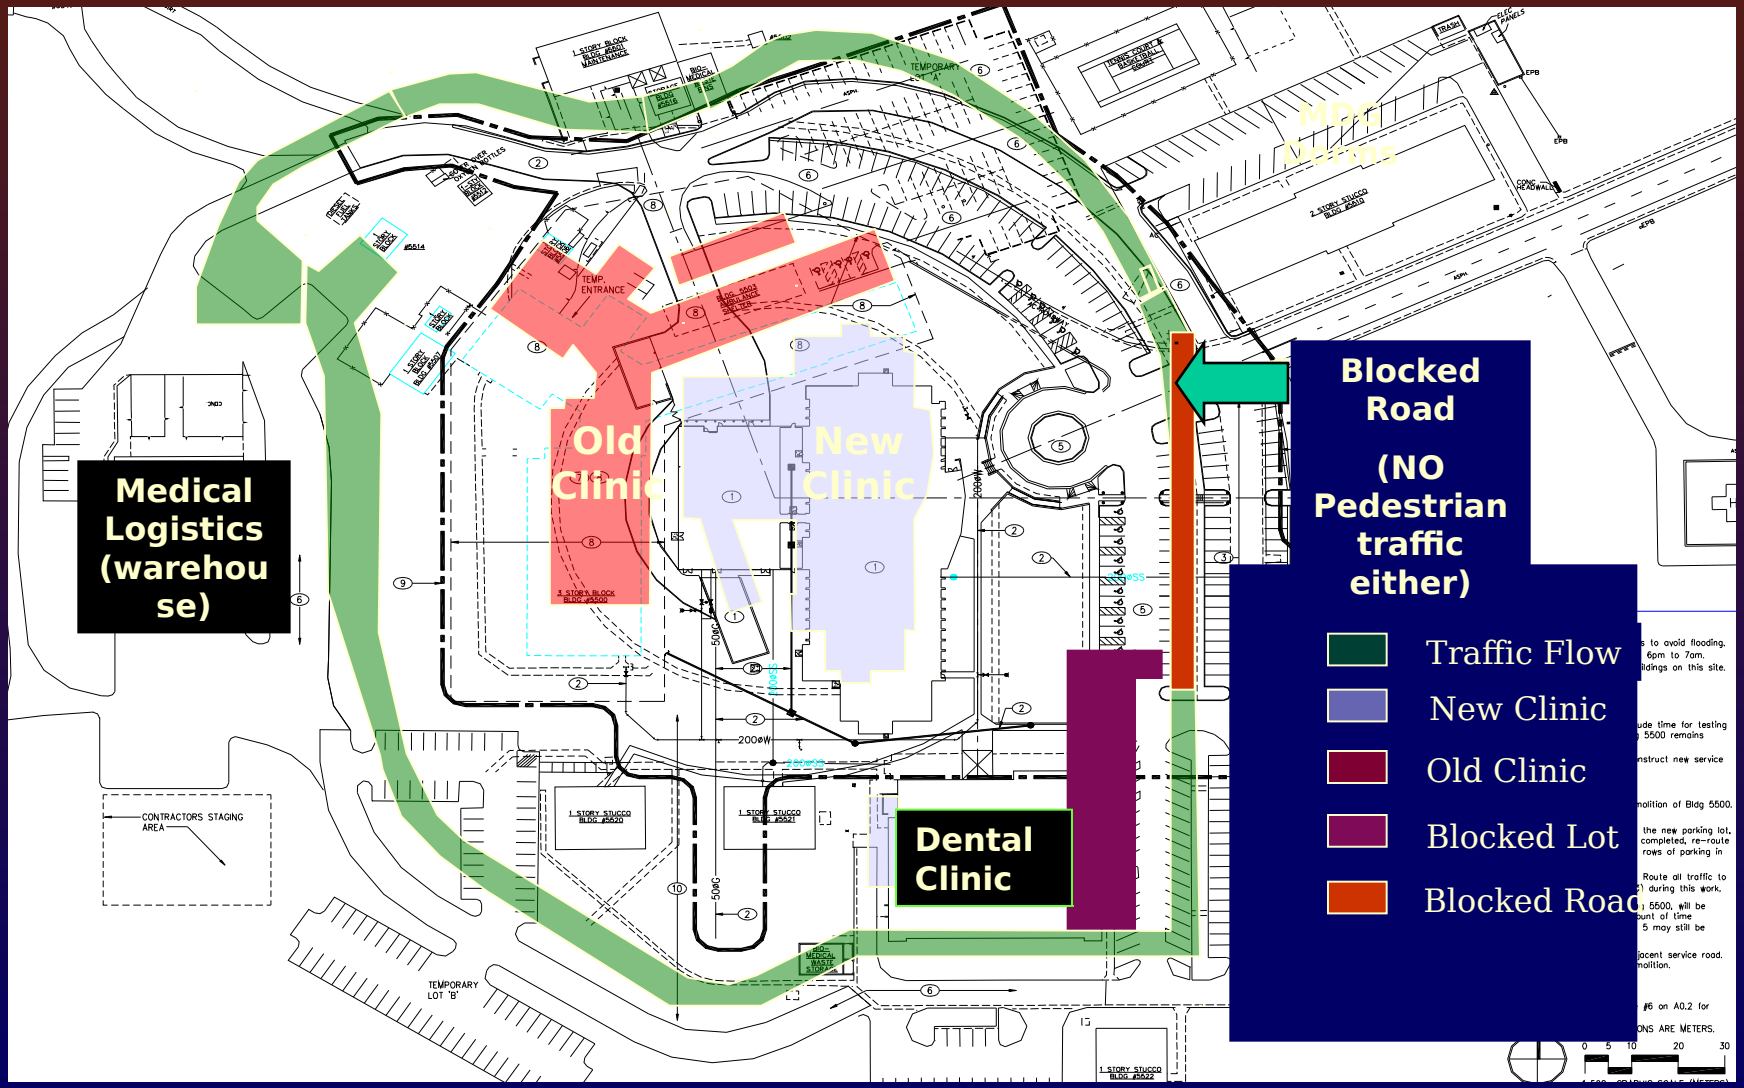
Bi-Weekly, Issue No. 31 PHASE 3 (estimated move-in May 2004) **14 Nov 2003**

MILCON Progress

(Photos by Lynn Styles, SGSI)

- Effective **Monday, 24 Nov 03**, the road to the Dental Clinic will be closed until completion of the front parking lot
- Traffic flow will be diverted around the clinic to access the Dental clinic
- Signs will be posted to direct traffic flow

Alternate Traffic Flow



MILCON Progress

- Installing the window frames and interior framing for the jewel box area (front lobby)
- Laying out the molds for the handicap access ramps

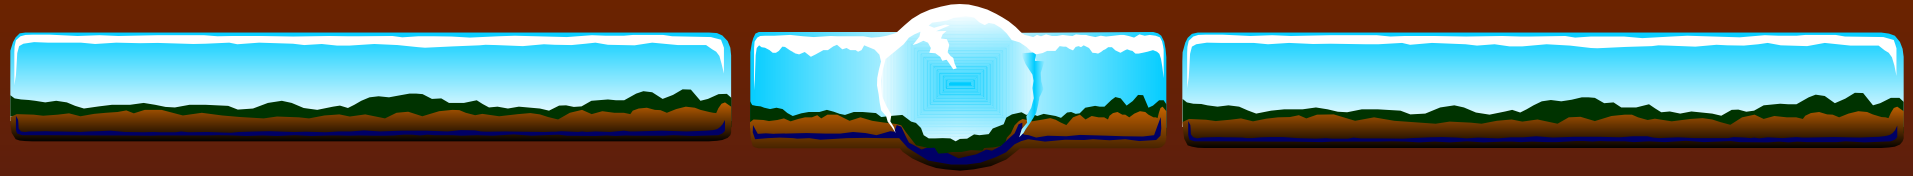
MILCON Progress

- Completing the windows and frames in A-10/11/20/21
- The window frames are redwood to match the terra cotta barrel roof
- Finishing the exterior insulation and finishing system walls (EIFS) which are marble cream

What's Next?
"Let's ask Howard"

Howard Moss, Superintendent, Cox Construction Company

- Weatherproofing the exterior to finish all outside work
- Install metal soffit panels in A-20/21
- Begin painting the interior walls in A-12
- Begin dry-walling in the new PT area



CONSTRUCTION CONCERNS

- **ALL STAFF: Do not park in the patient parking lot. Let's be considerate to our patients.**
- **Please watch your speed around the construction site and obey the Stop signs.**
- **If you have any questions/concerns about the new clinic, please contact your MILCON team.**
- **Your continued patience with our progress is appreciated.**
